For details and pricing of single element analysis see our laboratory brochure <https://microtraceminerals.com>

Blood samples can be sent via regular registered mail, and are best not frozen.  
Samples are tested via ICP-Mass Spectroscopy utilizing ORS cell technique, unless the material necessitates otherwise.

Please use metal-free tubes if required (see profile information). Please request tubes.  
We request the right to limit the number of elements tested, if necessary due to sample limitations.  
Once sample has been received, we will need 3-5 working days to process.

**Informed consent for data protection**

I consent to my sample being collected by the responsible medical practitioner or alternative therapist, and being transmitted to Micro Trace Minerals GmbH ("MTM") for the purpose of possessing and performing the assay I have requested. Furthermore, I agree that MTM will send my sample material, my name and my date of birth to specialist laboratories in Germany for carrying out the test I have requested and that MTM will be notified of the result. If I wish to send MTM's test result to the responsible physician or alternative practitioner, I agree that he/she will view the test result to provide a diagnosis. I may revoke my consent at any time to the responsible physician or alternative practitioner or to Micro Trace Minerals GmbH. Until my consent is effectively revoked, the processing of my personal data will remain legal.
